FOR CONGRESS

MARTIN L. DAVEY
 Candidate for the DEMOCRATIC NOMINATION

"WILSON and HARMONY"

A true Democrat in Congress will line up with President Wilson in support of the Baltimore Platform without being clubbed into it. He will co-operate and build up, rather than antagonize and hinder the progress of the Administration.

President Wilson deserves loyal support in his splendid effort to make good to the people. The Democratic Nominee for Congress must work for harmony in the party and avoid arrogance, discourtesy and disruption. He should heartily endorse the splendid administration of Gov. Cox, rather than from personal enmity condemn him.

MY PLATFORM

Therefore: As Candidate for the Democratic nomination for Representative to Congress from the 14th Ohio District—

- 1st. I stand solidly with President Wilson in the fulfillment of Party Pledges.
- 2nd. I stand squarely for Party Harmony, both at Washington and at Home.
- 3rd. I endorse and support the great work of Governor Cox for the people of Ohio.

Saskatoon's Ten Year Record

of development is without parallel in the British Empire, and all things considered— is believed to be a world's record that is unique. That a tiny hamlet of 113 hopeful souls should develop into a highly modern city of approximately 30,000 within the brief space of ten years is a marvellous achievement—which excites the wonder and admiration of newcomers and visitors daily arriving from all parts of the world.

The story of "SASKATOON" is a fascinating story—newly printed—handsomely illustrated—and will be sent to you free—without obligation—upon request. When you have read it you will understand why Saskatoon is called

THE WONDER CITY

Many Medina County people have wondered often why their grandparents did not settle in the city of Cleveland years ago, when land which is NOW priceless per foot was THEN cheap per acre, and thereby secure their families in the enjoyment of princely fortunes.

Some very severe criticisms have been conferred upon grandparents which should have received a closer personal application.

It may be too late now to take up the opportunities which grandfather overlooked years ago in Cleveland—BUT there are other Cleverlands in the making with all the golden opportunities of the past. All that is necessary for you to do is to place yourself in touch with conditions in the newer parts of the world, where development and expansion are rapid and intense, and support your judgement with courage and common sense.

Do not forget that CITIES and GRANDFATHERS are still in the making—"history repeats itself."

THERE ARE GOLDEN OPPORTUNITIES IN SASKATOON

Our tributary territory is not producing up to 5 per cent of its possibilities. What will Saskatoon be like when we are producing even 30 to 40 per cent of our normal capacity?

These are things that should engage the attention of the wide-awake young man. It isn't often wise for those advanced in years and settled in habits and associations to make radical changes—but this country is for the young and here the young find intense joy and satisfaction in the larger opportunities.
